

#### 4-5T/h biomass pellet line

Biomass pellet line have huge demand all over the world, because biomass fuel pellets is a kind of clean energy, a lot country government encourage burn pellets instead of coal. So in the area where have a lot wood and biomass material, invest a big biomass pellet line will bring you big profit.

The flowchart of a 4-5t/h biomass pellet line need main machines: drum wood chipper, rotary drum dryer, hammer mill, pellet mill, pellet cooler, pellet packing machine

NO.	Main machine name	Model	Quantity
1	Drum wood chipper	BX218	1
2	Belt conveyor	TSR60	1
3	Rotary drum dryer	HJ2200	1
4	Belt conveyor	TSR60	1
5	Hammer mill	ZW120B	1
6	Belt conveyor	TSR60	1
7	Pellet mill	MZLH420	4
8	Belt conveyor	TSF60	1
9	Pellet cooler	SKLNF6	1
10	Belt conveyor	TSF60	1
11	Pellet packing machine	100A	1
12	Electric panel		1
